**Dear Reader,**

This is the second issue of the FREE THETAN. A monthly newsletter from the International Freezone Association Inc (IFA).

The IFA was started some 7 years ago and has since grown from one small website to a large international association of like minded independent scientologists keen to uphold the standard of application of the philosophy Lafayette Ron Hubbard research, instituted and developed over the years he was alive.

Currently we have members spread all over the globe from the USA to Australia, from the UK and Europe, to South Africa and Singapore and many other countries and far away places.

The IFA provides a useful service to it's members such as vast library of reference materials, Their own Quarterly Journal, the FREE THETA, with many useful quotes, articles and other services, and maintains around 10 websites, each with a specific purpose and providing a specific service. A list of the websites can be found at <http://internationalfreezone.net>, as can the goals and purposes and many other interesting and useful resources.

I do hope you enjoy this newsletter and feel encouraged to find out more about the philosophy and applied technology of the real scientology.

Best wishes,

Michael Moore  
President

## *The Aims of Scientology and the IFA*

*Lafayette Ron Hubbard first issued the 'Aims of Scientology' which of course still stands. Yet, despite holding a copyright on these aims the Church of Scientology, RTC and the CST do not appear to be following these aims fully. Therefore it behooves us to take some responsibility and set out our aims, based upon the aims that Ron first envisaged as something which we can honestly strive to attain.*

*We therefore stated below:*

### **The Aims of the IFA**

To contribute towards having a sane society by the promotion, expansion and application of the technology to the point where people can live their lives in peace and security and without war or insanity and where they can honestly flourish and prosper and attain higher levels of spiritual being.

The IFA is non political in nature and welcomes any individual of any creed, race or nation.

The IFA does not seek revolution. The IFA seeks only to assist in paving the way for evolution to higher states of being for the individual and for society. After endless millennia of ignorance about himself, his mind and the universe, a breakthrough has been made for man by Lafayette Ron Hubbard with the philosophy and the technology he developed to free man from the shackles of his mind.

According to Lafayette Ron Hubbard, "The combined truths of fifty thousand years of thinking men, distilled and amplified by new discoveries about man, have made for this success."

We welcome you to the IFA We would like your help in achieving our aims and helping others and we hope to be able to help you in return.

The original working technology of Lafayette Ron Hubbard is the most vital movement on Earth today. In a troubled world, the job of promoting and applying this technology is not easy. But then, if it were, we wouldn't have to be doing it.

The IFA does not owe its help not having done anything to caused it to propitiate. We are here because we want to be here and we want to assist Ron in his aims.

#### **As Ron says:**

"Man suspects all offers of help. He has often been betrayed, his confidence shattered. Too frequently he has given his trust and been betrayed. We may err, for we build a world with broken straws. But we will never betray your faith in us so long as you are one of us.

The sun never sets on Scientology.

And may a new day dawn for you, for those you love and for man.

Our aims are simple, if great.

And we will succeed, and are succeeding at each new revolution of the Earth.

Your help is acceptable to us.

Our help is yours."

## The Philosophy of Lafayette Ron Hubbard

Lafayette Ron Hubbard said:

"The first principle of my philosophy is that wisdom is meant for anyone who wishes to reach for it. It is the servant of commoner and king alike and should never be regarded with awe."

"Selfish scholars seldom forgive anyone who seeks to break down the walls of mystery and let the people in. Will Durant, the modern American philosopher, was relegated to the scrap heap by his fellow scholars when he wrote a popular book on the subject, The Outline of Philosophy.

Thus brickbats come the way of any who seek to bring wisdom to the people over the objections of the "inner circle."

"The second principle of my own philosophy is that it must be capable of being applied."  
"Learning locked in mildewed books is of little use to anyone and therefore of no value unless it can be used."

"The third principle is that any philosophic knowledge is only valuable if it is true or if it works."

Upon these principles the basic philosophy was researched and developed.

No one can render the vital information Hubbard discovered better than he, as the originator of the works. No one is a better source of the information since Hubbard was the originator and any one else would merely be one to reiterate or copy. Some people have attempted to improve upon the philosophy, or more particularly, its application.

Certainly many people have issued a changed or altered application of the philosophy. By virtue of that they will achieve a different, and not always welcomed result, as a result of that application. Hubbard was able to achieve a one for one result with the application of the exercises researched and developed as a result of the philosophy he expounded, provided the philosophy is applied exactly as he stated, fantastic results for the individual are attainable.

The basic philosophy includes the fact that man is not just a piece of meat but a spiritual being. This is not a new discovery of course, Many religions teach this. One of the remarkable facts that Hubbard discovered, however, is precisely what sort of spiritual being a person is and what their capabilities really are. This was never really clearly defined previously.

So in order to isolate out the discoveries Hubbard, made the person was referred to as a

thetan. From the Greek 'Theta', meaning spirit, but more clearly defined.

It was discovered that the thetan had very specific potentials and abilities. It was also discovered that the thetan was not, by any stretch of the imagination, achieving his full potential and was not exercising his full abilities.

It was found significantly that the thetan is immortal. This means that the being has existed since time began, if not before! And therefore has gone through a tremendous number of experiences of virtually all types. It was also discovered that many of these experiences have served to inhibit or reduce the abilities of the being over time. Part of Hubbard's philosophy includes therefore the techniques developed to restore or rehabilitate those abilities which a being once had. These techniques and the application of them are called 'the technology', and forms the practical aspect of the philosophy.

This makes the philosophy suitable for anyone to apply and, with the assistance of others well trained in the technology, one can "pull oneself up by the bootstraps" as it were and expand one's abilities as a being far beyond anyone's expectations. Of course one does not run before one walks and there is a starting point in all this.

The starting point is in:

Reading the philosophy itself and understanding what it is Hubbard discovered about man, life and the universe.

Understanding the basics of the philosophy. Such basics as, the ARC triangle, the structure of the mind and the relationship between the being the mind and the body.

Understanding the Dynamics principles of life

Finding out what auditing is and how it can assist one to improve one's life. Finding out what the Bridge is and how it relates to an increased understanding and awareness of oneself.

## Immortality

"It is a discovery of Scientology, a discovery susceptible to the most arduous scientific proofs, that people are not bodies, but that people are living units operating bodies. The living unit we call, in Scientology, a thetan, that being taken from the Greek letter theta [ Ø ], the mathematical symbol used in Scientology to indicate the Source of Life and Life itself. The individual, the person, the actual identity, is this living unit. It is modified by the addition of a body, and by the addition of a body it is brought into a certain unknowingness about its own condition. The mission of Scientology is to raise the knowingness of this spirit to such a degree that it again knows what it is and what it is doing, and in this state the thetan can apply directly to his own body, or to his environment, or to the bodies of others, the healing skill of which he is capable. It is the thetan which builds and constructs, it is the thetan which forms actual forms and organisms.

Amongst the capabilities and potentials of the thetan is immortality in full knowingness of his own identity. The amount of time which he has spent on earth, and the number of deaths through which he has gone, have brought him into a state of forgetfulness about who and where he has been. This material is recovered in Scientology, if the Scientologist specifically processes toward it."

L. Ron Hubbard (Excerpted from Ability Major 1, ca. mid-March, 1955, The Scientologist, A Manual on the Dissemination of Material)

## Purpose

An individual, species, organism, organization, to succeed, survive and expand in influence must have a formulated BASIC PURPOSE.

To keep beings from growing, the reactive bank is almost entirely made up of false and booby trapped purposes. Thus we can see that, by its having been impeded so thoroughly in past ages, the idea of having a personal or organizational or group basic purpose is an extremely valuable one.

Without one expressed or unexpressed, a being or an organization or group without one doesn't grow but shrinks and becomes weak—in this universe nothing can remain long in an unchanging state. Given a potentially successful basic purpose that is acceptable to the being, organization or group, one can then formulate POLICY.

POLICY is a rule or procedure or a guidance which permits the BASIC PURPOSE to succeed.

The basic purpose runs through time. When it is impeded, distracted from, not complied with, thwarted or stopped, a state of failure of the basic purpose occurs in greater or lesser degree. Sometimes challenges to it cause it to strengthen but only when the challenges are consistently overcome.

A being, organism, organization, group or species or race learns in forwarding its basic purpose or meeting challenges to its basic purpose certain lessons. Certain procedures or courses of action, rules or laws were conceived at times of stress and some of them were successful. Those that were not successful or helped the opposition were bad.

Those that were successful forwarded of course the basic purpose and were good.

The successful ideas or procedures that assisted the basic purpose were then dignified by the status of proper ideas, acts, procedure or policy.

Those that were unsuccessful in assisting the basic purpose became bad policy.

Ideas or procedures that distracted from or balked the basic purpose were called offenses.

Things, groups, other determinisms that challenged or sought to stop or refused to comply with the basic purpose became enemies or opposition.

Therefore Policy is derived from successful experience in forwarding the basic purpose, overcoming opposition or enemies, ending distractions and letting the basic purpose flow and expand."

## Wins & Success Stories from the Independent Scientology Freezone

We get many success stories in the Freezone of auditing, training and even just from reading Lafayette Ron Hubbard Books!

Here is just a small selection.

~~~

### Auditing Win

I had my first real session the other day. I audited my wife. I ran an engram to full erasure and watched the somatic lift before my eyes. It was the best feeling I think I have had my entire life. We are working on the ally computation now and I had a cog on it. The ally comp so simple. When a person is helped by someone and as a result they admire that person so much that they begin to be like them. This is the ally comp. I see this all the time in everyday life.

On another note, Chris and I did some role play on my daughter. I understand her so much better now and I know how to go about getting her computations. This is a huge win for me because I never understood why she wouldn't talk to me.

I would like to thank Chris for his time and effort and LRH for putting a tech there that really works. I mean,

It really works!!! Its so much more of a reality to me now. ha ha!!

### Method One Audited Completion

First, M-1 was lot of fun! Call me a geeky weirdo if you want, but looking up definitions, knowing what some word means completely and with certainty is just a blast. Also had a wonderful time delving into grammar--another fun endeavor.

Second, as a result of M-1 I'm spotting many words, long part of my daily vocabulary, that I have never actually looked up. I have meanings for these words, probably pretty accurate ones, but where did those meanings come from if I've never looked the word up? And how can I have

complete certainty of no misunderstanding if I've never looked them up?

All these fractional uncertainties add up. Before M-1 I would not have spotted these words.

Third, M-1 has had a rehabilitating affect on my curiosity to find out about new things: "Who is that person?" "I don't know about that subject." "Gee, what IS the definition of that word?" So thanks to my terrific auditor Geri, excellent c/s Pat, Ron (of course) and the cats!

M.W.

Auditing Win.

The set-ups were incredible! Roy Selby was my auditor. He was Great!!! We had FUN!!!

I really feel rehabbed on the last 40 years of my current life. My needle is floating and so am I !!! :)

Raymond J. Krenik, Jr.

Grade 1 Success Story

I feel able to have good problems and to sort of sidestep bad problems, that is, instead of tearing and digging through the problem to the "solution" (which is now a new problem), I'm looking at other factors and areas of the problem. Also I feel something about letting time or the problem itself unravel itself, that doing so will be apparent or just happen in the future, not forcing but allowing, and controlling by postulate and even exteriorization instead of by energy. It feels more like a beingness that just is and is hard to verbalize.

J. H.

~~~

Grade 2 Success

Reflecting back on this Level, I realized how lucky and thankful I am to have a pretty uneventful life. I realized that I had a few continuing overts against myself and this level helped me to see them. A few separate processes kept showing me how I was withholding true happiness from myself and not living to my full potential. Another cognition I had was realizing that YOU are the only one who is responsible for YOUR life. To be continued.....next level, auditor!

R.R.

~~~

Purification Rundown Win

I've just finished the purification r/d, but really I feel like I've started something even bigger. I've had so many wins and cognitions I couldn't even adequately list them all.

One thing is for certain - I have a clean body, and a clear mind, and am now more determined than ever to get up the Bridge and continue improving my body, mind and spirit.

On top of that certainty, and the lighter, cleaner feeling I have physically, I have also

lost weight, stopped smoking and abusing alcohol, and I don't even need caffeine anymore. I wake up every morning eager to live well and continue making gains and improving myself.

Enormous thanks go out to CB, FS, and my twin, JJ.  
Andrew

~~~

Clear Win

With the state of Clear on the 1st dynamic, I can easily handle any mental matter, energy, space and time which equate to pictures from ones own time track. ALSO, on of the other definitions of Clear in an absolute sense states that one can confront anything and everything in the past, present and future---

I have seen a big increase in that kind of confront for myself.  
Craig

~~~**Lafayette Ron Hubbard Quote**~~~

"The address of Dianetics and Scientology is not to the ill, the insane or the criminal. It is effective in these fields. But its intention is toward the improvement of the able. Men who already can accomplish things can accomplish more. The problems of the society depend upon clear-thinking and sane men. Processing can bring about that state according to long experience.

Processing has now become relatively simple. The auditor first must understand the basic axioms of the subject and their meaning in processing. He must have a good grasp of his essential tools. He can gain this understanding in a few weeks if he is quick and intelligent. He must then be able to handle the techniques of application. These are effective and swift.

When one starts to handle primitive instincts in a human being, that human being sometimes has the sensation of having lived before. We know the instincts from distant times are there and we know where they are filed and we know how to change the record. It is relatively simple to call up in any human being the basic and underlying records which have haunted Man for generations. No matter how solidly he is repressing them, the instincts are there. When they are in sight and deintensified, he is able to relax, to be free, and to be effective.

The simplicity of the present techniques seems to belie the arduousness of their discovery. But they contain all the thousands of years of Man's search for what makes Man hate Man.

Dianetics and Scientology are no more than reason joining research in the humanities and research in the fields of energy and the physical sciences. Once this knowledge was joined, the answers were readily available.

Perhaps now it may be possible, in an overwrought world, to do something about the criminals, the insane, about war and the antisocial hatred Man feels for Man. Can we do something for the savage in civilized garb before he ruins this world and all Man? That is a question which the future must answer. I cannot do more than the work I have done and to publish and make available what has been done.

Every facility which I have and every knowledge which we have gained is at your disposal. It is at your disposal to improve you, to make crime a thing of yesterday, to banish war forever. But it is up to you."

L. Ron Hubbard (Introduction, Technical Vol. 1, 6 February 1952)
